

Vice Chancellor's Scholarship for Diversity in Study Abroad

In 2016 the University of Roehampton celebrated the 17th anniversary of the foundation of one of its four historic Colleges, Whitelands, which was established in 1841. As one of the pioneers of training women as teachers, through Whitelands College the University has provided higher education to women for longer than any other institution in the UK.

To celebrate this anniversary, Roehampton Abroad are offering scholarships, continuing our heritage of supporting under-represented groups into higher education.
