Catherine of
Siena College

Dear CSC Friends,

Greetings to you all. With this issue we are pleased to share the launch of our new webpage that now features trial lessons, video extracts from our courses and news from us and our associates. We would also like to thank all our students who joined our first batch of courses of the academic year 2018/19:

- Gender in Church Community Development Practice - An International Case Study Approach
- Women in the Catholic Church: Contexts and Cultures
- Migration Matters
- Gender and Feminisms: Biblical Perspectives

We would also like to thank our external tutors, Rev'd Dr Marjorie Lewis and Dr Diandra Erickson, who have worked with the two of us to offer what we hope are inspiring and topical courses for our students. One student from India who has taken several of courses writes that "The Catherine of Siena courses for me are like my lifeline to sanity in my spiritual journey."

As we enter this festive season, we share our wishes for a blessed Advent and Christmas.

Professor Tina Beattie - Director
Dr Anna Cantelmi - Administrator and Student Support Officer
